Keyboard Shortcuts

This document lists default the keyboard shortcuts for Harmony.

A lot of shortcuts are a combination of a modifier key (ie: Control, Alt, Shift or ⌘) and a either a letter, a number or one of the punctuation signs available with a single key stroke on standard US English keyboards. To use such shortcuts, press and hold the modifier key and, while holding that modifier key down, press the character key

> **NOTE**
>
> The default Harmony shortcuts are referred to throughout the Harmony documentation. If you change the default keyboard shortcuts, keep in mind that the keyboard shortcuts indicated in the documentation might not be accurate.
